The bill aims for the establishment of a 'Botica sa Bayan' or drugstores to be located in barangays, which its primary priority is to have at least one Botica per barangay especially in economically depressed areas who do not have access to medicines and other factors as such, the basis of population and poverty incidence.

The said bill shall provide drugs included in the 'core list' of the national drug formulary. Existing 'Botica sa Bayan' shall be maintained and shall be covered by relevant provisions of this Act.

Growth and development in the country is not impossible if we have a healthcare system that is universal, as this is one of the major key drivers to increase the level of productivity of our citizens that will eventually lead to a progressive economy. Healthcare is of national concern that shouldn't be neglected nor taken for granted, and by doing this we help them to become as movers and enablers of our society.

Based from the foregoing, immediate passage of the bill is earnestly sought.
