Brief Comment:

It is worth to mention that the accomplishments of the Senate reflect its leadership and the long tedious process of lawmaking. On the other hand, crafting sound, timely and relevant legislations to address national issues particularly on education, health, employment, and security are responsibilities of our Senators. However, in the end, it is the people who will measure the accomplishment of Senate and who shall judge its performance.

The Senate As an Institution

The Senate of the Philippines is one of the pillars of the country's lawmaking body, the other one is the House of Representatives. It is composed of 24 elected Senators whose terms of office shall be six (6) years. This dynamic institution is established to balance our economic, social and political environment and whose concerns are national in scope.

As the bastion of democracy, its action is centered on consensus and consultation with the end purpose of serving the best interest of the Filipino people.

The **Senate** also values the importance of having productive and harmonious relationship with other institutions, from the government and the private sector, to create an environment where rapport and goodwill among institutions prevail. Its main objective is the passage of good, implementable and doable laws in pursuit of democratic ideals that would truly serve the national interest and the welfare of the people. recommendations on a particular law or Senate bill.
